

# RN RAISES GO INTO EFFECT JUNE 25!

After eight months of petitions, picketing and negotiations we won our contract last September.

Our victory included important gains for everyone.

- Raises every 12 months.
- No cap for senior employees.
- Catch up raises of up to 6.5% for RNs below the pay scale.
- An additional 1% of salary in the employer contribution to the 403B.
- Preserving our choice of health insurance plans.
- Raises begin on June 25.

Raises will appear on the July 14 paycheck.

Let's not forget dozens of volunteers, actions and involvement that made all of it happen.

**Make your union even stronger. There are many different ways to get involved in the Union.**

Call the Labor Rep 314-320-6508 and let's figure out how to best use your skills, interests and availability for your union.
