

## CHEU Bargaining Begins October 10

### *Patient Care and Safety Needs Drive CHEU's Demands*

#### Issues include:

- Short staffing and high turnover.
- The return to a fully functional pharmacy with 24 hr. Pharmacy Tech coverage
- The ability to bring patient safety and staff issues to light without fear of retaliation from management.

---

## CNA RNs

### *The Fight for Safe Staffing Continues...*

- If you have asked for safe staffing and have been denied, an ADO should be filled out.
- If you have been denied safe staffing and intimidated into accepting an unsafe assignment, the state should be notified. The California Department of Public Health's phone number is (916) 558-1784.

Change happens through solidarity. Come to meetings, be active, and make a difference.

## MEETINGS

### *Scheduled open meetings are listed per bargaining unit.*

#### **CNA RNs**

Every other Tuesday  
4:30pm & 6:45 pm
