California Nurses Association

Novato Community Hospital RNs Approve Strike Authorization by 94%

Today RNs at Novato Community Hospital joined RN colleagues at Mills-Peninsula and Eden Medical Center in approving strike authorization. The Nurses voted by over 94% to support strike action. This commitment to strike if necessary, sends a strong message to Sutter Health that Nurses are willing to fight to defend their contracts from Sutter's unprecedented attack.

Thanks to all who voted today, especially the Nurses who were not working and braved the rain.

Mike
