## THE LIE OF AUSTERITY

Early in 2011, CEO Pat Fry blamed reduced reimbursements from healthcare reform for why austere measures throughout Sutter needed to occur.

In fact, management started bargaining last year with power point presentations on why cutbacks/takeaways to the nurses were necessary.

Clearly, not everyone took that message to heart...

| Solano/Sutter Executive | 2008 Total Compensation | 2010 Total Compensation | % Increase Over 2 years |
