Protest the “Non-Profit” Hospital Ripoff August 15 Sacramento Hearing and Rally

Senate Majority Leader Ellen Corbett and CNA are hosting a hearing at the State Capitol to spotlight how some California hospitals abuse their “non-profit” status.

A number of private, not-for-profit hospitals, such as Sutter, have drawn growing criticism for how little they return to local communities while making huge profits and benefiting from favorable tax treatment.

Wednesday, August 15
Hearing at 10 a.m.–12 noon
Rally afterwards on Capitol Steps
State Capitol, Sacramento

TRANSPORTATION SUTTER DELTA

Transportation will leave Sutter Delta at 7:30 a.m.

“Californians provide huge subsidies to these private, non-profit hospitals through a broad array of public services, they have a right to expect the hospitals to fulfill their social obligation to provide appropriate levels of charity care and other community benefits in return.”

—Zenei Cortez, RN, CNA Co-President

It's time to hold California hospitals accountable.
