### Greetings of Solidarity to my Sisters and Brothers:

Sutter Health builds shiny monuments to its corporate success while launching a continuous assault on the wages, benefits, and working conditions of the very employees that

have built a reputation of healthcare excellence that I see as a patient, eroding every time I have the misfortune of being admitted to Summit Hospital. I see it in poor maintenance and availability of equipment. I see it in the morale of workers, RNs, CNAs, and other staff who are constantly required to resist attempts to undermine their rights day in and day out. I see it in bloated corporate salaries and bonuses paid to executives at the expense of dedicated workers. It is evident in the enormous amount Sutter Health is willing to expend to undermine workers' rights and the union. It pains me to be hospitalized for the second time during these job actions. But it pains me more not to be able to be on the picket line walking with you. I remain as ever in solidarity with all of you.
