

The ADO Form »

- ▶ Is used by registered nurses to formally document circumstances in which the RN believes a staffing situation is unsafe or inadequate.
- ▶ Ensures and documents that appropriate supervision has been notified.
- ▶ Notifies supervision that nurses have been given an assignment which in their independent professional judgment is unsafe for their patient. The ADO documents the situation.
- ▶ Is reviewed by the Professional Practice Committee (PPC) to identify trends in unsafe assignments and to raise these issues with management.
- ▶ Protects a nurse's license and shifts responsibility back to management.

How the ADO Works »

- ▶ **STEP 1** The RN(s) with the concern makes a good faith effort to inform the manager, assistant manager, or nursing supervisor at the time of the objection to the assignment. The nurse(s) must notify their supervisor or the "person in charge", not the charge nurse or team leader. The immediate goal is to address the concerns at hand, relative to quality or safety within the resources available, or appropriate scope of practice or policy. The supervisor must be aware of the problem to be able to solve the problem.
- ▶ **STEP 2** If no resolution, the RN(s) complete an ADO.
- ▶ **STEP 3** Copies of the ADO are submitted as follows:
 1. White copy to supervisor.
 2. Pink copy to PPC, place in ADO box.
 3. Green copy to Labor Rep, place in ADO box.
 4. Golden copy to be kept by nurse for their records.
- ▶ **STEP 4** When management receives a copy of the ADO, the date and time it was received will be noted on the upper right corner of the form.
- ▶ **STEP 5** Management will respond in writing to the ADO within one week of its receipt. If there are extenuating circumstances necessitating additional time to respond to the ADO, the initiating RN(s) and PPC shall be notified within one week that the ADO is under review.
- ▶ **STEP 6** Management will return the response to the initiating RN(s), PPC chair, and the CNE.
